

PROJECT LOVESTRUCK

SUPER STY WOOLY AGENT --MR KNITTINGHAM -- IS AT IT AGAIN, SCOPING OUT PLACES FOR OUR NEXT SUPER HERO MISSION! HERE'S WHAT HE FOUND:

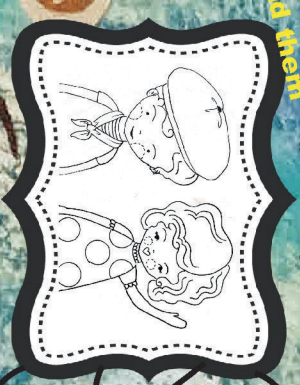

Between 1300-1500 babies are born at St. Paul's Hospital in downtown Vancouver every year.

St Paul's Hospital welcomes families from all over the world. It is the only Maternity Unit in British Columbia that cares for Moms with cardiac and kidney issues. The staff teaches new families everything from feeding baby, to bathing baby and what to pay attention to if baby is sick at home.

HC Kids is excited to help keep these newborn babies warm by knitting welcome hats-- but not just ordinary hats, but 'haberdasherized' ones-- of course! Each baby hat will be embellished with crocheted hearts and fabric ruffles! Look to the right and see Coco and Sebas wearing the hats we are going to make!

The hats are made in 3 parts. Do the part on enjoy most: Knitting a plain hat (free pattern on website)!; crocheting 2.5" red or white hearts or taking part in our "haberdashling" embellishing party! **JOIN IN ON THE FUN AND BE AN HC KIDS SUPERHERO!**

Coco & Sebas want to drop out hats at St Paul's Hospital. Can you see which path will lead them there?
